

# BERNSTORFF THINKS PERSONAL MESSAGE WILL HELP THINGS

GERMAN AMBASSADOR THINKS  
HIS CONFERENCE WITH WIL-  
SON WAS BENEFICIAL

## PRESIDENT IS PENNING REPLY.

United States Rejoinder Will Prob-  
ably Go Forward End of  
This Week

(Associated Press)  
Washington, June 3.—The re-  
sponse of the United States to Ger-  
many's reply to the American note is  
being penned by President Wilson per-  
sonally, and it will go forward the  
end of the week. There will be no al-  
teration of the administration's plan  
to ascertain whether Germany will  
abide by international law or will fol-  
low her own rules of warfare.

### Protect Neutrals.

It is not believed the United States  
will object to submarine warfare pro-  
viding it does not jeopardize the lives  
and property of neutrals. Von Bern-  
storff expressed a belief that his note  
sent his government following yester-  
day's conference with President Wil-  
son, conveying his views personally,  
would enlighten the German foreign  
office and will pave the way for bet-  
ter understanding.

The facts upon which Germany  
asks an agreement will be treated as  
irrelevant in the reply, with one excep-  
tion and it is understood the rejoinder  
will re-state that the Lusitania  
was on a peaceful cruise, did not re-  
sist capture and was unarmed.

The German ambassador also  
learned that President Wilson stands  
firmly upon the statements contained  
in his note to Germany; that he will  
take no step backward and that in  
this stand he is representing the wishes  
and judgment of the American  
people.

The German ambassador has dis-  
patched to Berlin a long report on his  
talk with President Wilson and on  
the feeling in this country in regard  
to the German reply to President Wil-  
son's note. This communication was  
sent through the American state de-  
partment this morning to Ambassador  
Bernstorff as a means of insuring quick  
and certain communication with the  
German government.

### Von Bernstorff Favors Conciliation.

The German ambassador in his re-  
port has endeavored to impress upon  
the Berlin authorities the seriousness  
of the situation and the earnestness  
of this government. If the German  
foreign office follows the advice of  
Count Von Bernstorff it will adopt a  
more conciliatory attitude toward the  
United States.

The meeting between President  
Wilson and the German ambassador  
was entirely cordial and the discus-  
sion which took place between them  
was very frank. The German am-  
bassador came away from the White  
House hopeful of the future but no  
optimism was apparent in administra-  
tion circles.

The failure of the administration to  
put any larger measure of confidence  
in the conference with the German  
ambassador apparently grew out of  
the fact that Count Von Bernstorff's  
personal efforts and views had failed  
to influence the Berlin authorities in  
their preparation of the reply to  
President Wilson's note. Further-  
more the German ambassador had  
sought the interview with the president  
on his own initiative and not as  
the result of instructions from his  
government. He had no new propos-  
als to make on the part of the Ber-  
lin government.

### Will Open Germany's Eyes.

There is one feature of the incident,  
however, which many regard of im-  
portance and as possible of produc-  
ing good results. If the imperial gov-  
ernment has been in the dark as to

# North Dixon Pupils' May Festival Was Big Success

North Dixon school patrons and  
their friends enjoyed a splendid en-  
tertainment given by the school chil-  
ren Wednesday night. The exercises  
were held on the school lawn and un-  
der brilliant lights the little people  
skipped, danced, sang, marched, drill-  
ed, and enjoyed the program equally  
as much as did their listeners.

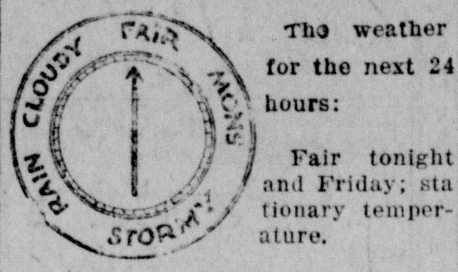

All hats off to Supt. Hagen and his  
corps of excellent teachers. It was  
their work, their idea and together  
they should be complimented for the  
excellent entertainment. For the  
first time in its history the North Dix-  
on schools undertook a May festival,  
with field sports, and all the sidelines  
North Dixon is deeply interested in  
her schools and the entertainments  
of Wednesday afternoon and evening  
demonstrates that she is not only in-  
terested in the schools, but her peo-  
ple turn out to give encouragement  
to teachers and pupils.

### Declaration Contest

One of the features of last even-  
ing's program was the declamatory  
contest, and as a result of such con-  
test, in which there were nine partic-  
ipants, the following carried off med-

## Booher Succeeds Anderson; School Board Meeting

### Miss Hazel Todd Resigned Chair Of Art Drawing And Sewing

The monthly meeting of the south  
side school board was held Wednes-  
day evening at the office of Secretary  
E. W. Smith. The teachers' committee  
recommended the employment of Pro-  
fessor C. D. Booher as principal of the  
high school to succeed Prof. C. H. An-  
derson, who has accepted the superin-  
tendency of the Polo schools. Mr.  
Booher has been connected with the  
school as science instructor for the  
past four years and is a capable in-  
structor. The board ratified the re-  
commendation. Miss Hazel Todd re-  
signed as instructor of art, drawing and  
sewing and the committee was in-  
structed to get bids on furnishing coal for  
various buildings for the coming year.  
The board adjourned to meet on June  
30th.

## TRY POWER SWEEPER ON PAVED STREETS

### IF METHOD PROVES SATISFAC- TORY CITY WILL PUR- CHASE DEVICE

The paved streets in the business  
district were swept at an early hour  
this morning with the sweeper. Sweeping  
the streets with a power  
sweeper will be tried for a few days  
and if found to give satisfactory re-  
sults the city will purchase a sweeper  
of their own with a sprinkler at-  
tached in order to keep down the dust  
that arises from the sweeper. Early  
tomorrow morning the paving on De-  
pot avenue and adjoining streets will  
be swept. There is now so much pav-  
ing in the city that some steps must  
be taken to keep them clean and  
about the only way this can be ac-  
complished is by a power sweeper.

### MOVED TO DIXON.

Ira D. Grigsby and family have  
moved from Chicago to this city and  
now reside at 920 N. Crawford Ave.  
Their household goods were moved to  
Dixon by Jay Atkins' motor truck.  
Mr. Grigsby is an experienced auto  
salesman and is connected with the  
Nettz garage.

The earnestness in this country and  
the determination of the president  
their eyes will now be  
opened. They will know from Presi-  
dent Wilson's own lips that he meant  
every word in his note and in addi-  
tion they will receive from the Ger-  
man ambassador a full statement on  
the intense feeling of the American  
public generally in regard to Ger-  
many's submarine operations.

# ASKED INJUNCTION TO STOP COLLECTION OF EIGHT CENT DUES

WM. JACOBUS ASKED FOR WRIT  
AGAINST F. D. PALMER,  
M. W. A. CLERK.

## JUDGE FARRAND REFUSED PRAYER

Change In Manner of Collection of  
Dues Resulted in Legal  
Activities.

Judge R. S. Farrand today heard  
arguments on a petition for injunc-  
tion asked by Wm. Jacobus of this  
city against F. D. Palmer, clerk of  
Dixon camp 56, M. W. A., restrain-  
ing the clerk from collecting local  
dues monthly. After hearing grounds  
on which the injunction was petition-  
ed set forth by Atty. H. A. Brooks,  
the judge refused the request.

The contention has been raised  
over the sum of eight cents a year. In  
January on an order from the head  
camp of the lodge clerks were in-  
structed to collect general dues for  
running expenses of the head camp as  
well as for local camps and the san-  
itarium maintained by the lodge in  
Colorado, monthly instead of semi-  
annually as previously. By the change  
the monthly dues became 21 1-3  
cents, but it being impossible to col-  
lect the fraction of a cent the clerk  
has collected 22 cents a month since  
the change took effect. Mr. Jacobus  
contended that the clerk had no  
right to collect the fraction and re-  
fused to pay it and wanted him to ac-  
cept six months' dues. Mr. Palmer re-  
fused to disregard instructions from  
the head camp and informed Mr. Ja-  
cobus that unless he paid the dues  
monthly he would have to suspend  
him from membership, thus the in-  
junction petition.

## MADDEN GIVEN BIG FINE FOR ASSAULT

### ASSESSED \$100 AND COSTS FOR THROWING ROCK AT POLICE MAGISTRATE.

Dewey L. Madden, the colored man  
arrested Sunday charged with hurling  
a rock at W. G. Kent while the latter  
was endeavoring to collect an account  
against one of the managers of the A.  
B. Miller Carnival company, was ar-  
raigned before Justice Hanniken to  
answer to the charge of assault with a  
deadly weapon. He pleaded guilty to  
the charge and was fined \$100 and  
costs. Being without funds he will  
board with Sheriff Phillips for twenty  
days. James Harris, arrested at the  
same time for being implicated in the  
affray, was released last evening on  
Madden's admission that he threw the  
rock.

## BOARD ORIGINATED SCHEME FOR SEWER

### IMPROVEMENT ON OTTAWA AVE. CONTEMPLATED—HEAR- ING JUNE 15TH.

At the meeting of the board of local  
improvements this morning a  
scheme was originated for the con-  
struction of a sewer on Ottawa ave-  
nue starting at the manhole at the in-  
tersection of Sixth street and Ottawa  
avenue and going north to within 90  
feet of the Third street intersection.  
The estimated cost of the improve-  
ment is \$2,068.59. A public hearing  
on the improvement will be held on  
Tuesday afternoon, June 15th, at 2  
o'clock.

Further improvements were con-  
sidered for the construction of a concrete  
roadway and curb on East River  
street starting from where the pave-  
ment ends at Ravina avenue east to  
the city limits. There is much heavy  
traffic over this stretch of roadway  
and it is in bad condition. The San-  
dusky Portland Cement company last  
year offered to furnish the city suffi-  
cient cement to build the roadway  
and the matter will be taken up with  
Superintendent W. E. Wuerth to see  
if the offer still holds good.

The engineer was instructed to fur-  
nish an estimate for the construction  
of a sanitary sewer on Monroe avenue  
starting at Third street and running  
south about 550 feet.

## CARL FIELDING WAS DROWNED

### Nephew of Mrs. Walter Preston Met Death in Nebraska.

Mrs. Walter Preston of this city  
received word last evening of the ac-  
cidental death of her nephew, Carl  
Fielding, son of Mr. and Mrs. Conrad  
J. Fielding of Nebraska, from drown-  
ing. The little fellow was about seven  
years of age and a bright little lad.  
With his parents he had often visited  
in this city. No particulars were re-  
ceived as to how the accident oc-  
curred.

# No Wrecks Marred Record of Captain Greene of Nebraskan.

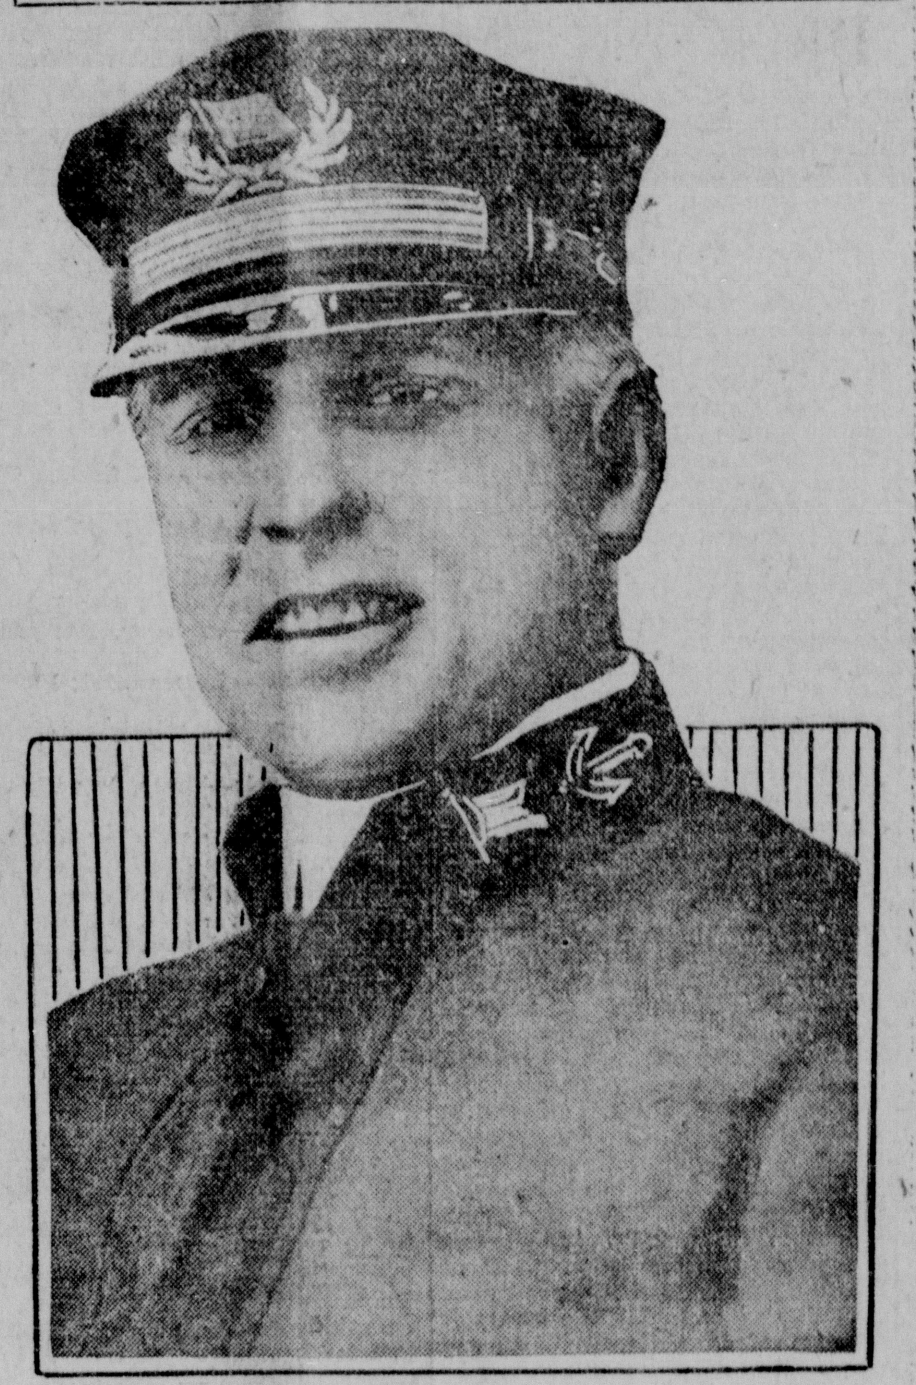

Photo by American Press Association.

J. S. Greene, captain of the liner Nebraskan, is well known in Denver.  
He has been in the service of the American-Hawaiian Steamship company  
twenty-three years, and on the company's books in San Francisco there are  
no wrecks, accidents or collisions against the captain's name. For several  
years Captain Greene sailed out of San Francisco around Cape Horn to Me-  
diterranean ports. Later he visited far eastern ports and during the last few  
years was a captain on the Honolulu, a passenger steamer which  
plied between San Francisco and Honolulu. In November all the steamers  
of the company were pressed into service to carry freight to European  
ports, and Captain Greene was given command of the newest, largest and  
fastest vessel. His last was his fifth voyage to London since his transfer  
and his first accident, although he has lost friends in Denver of narrow  
escapes from mines on previous trips. A recent letter states he fully appreciated  
the constant hazard attending the voyage.

## TO OFFER REBUTTAL TESTIMONY FRIDAY

### INLET SWAMP COMMISSIONERS TO PRESENT EVIDENCE IN HEARING

Judge John B. Crabtree, Attorney  
Mark Keller and Inlet Drainage Com-  
missioners X. F. Gehant and B. F.  
Johnson spent the day in Lee Center  
township viewing the land which the  
commissioners wish to have annexed  
to the district and to which the land  
owners have raised objections. To-  
morrow the hearing on the annexa-  
tion of additional acreage to the dis-  
trict will be resumed at which time  
Attorneys Dixon and Gehant for the  
district will offer rebuttal testimony  
to that given by the objectors. There  
is some question as to whether or  
not the hearing will be completed  
this week.

## REMEMBER RETIRING TEACHER

### Prof. Absher of Ashton Was Given Gold Pencil

The grade graduation exercises of  
the Ashton school held last evening  
at Ashton were carried out as arrang-  
ed and were largely attended by the  
friends and relatives of the graduates.  
At the conclusion of the exercises  
Prof. R. J. Absher, who has been the  
principal of the school for the past  
seven years and who has resigned his  
position to accept one as head of the  
Sublette school the coming year,  
was presented with a gold pencil as  
a memento of the days spent at the  
Ashton school.

## RIOTS IN TOKIO MEETINGS

### Anti-Government Gatherings Result in Mobby Disturbances.

(Associated Press)  
Tokio, June 3.—Anti-government  
mass meetings last evening in Tokio  
resulted in serious disturbances with  
many arrests. A resolution was in-  
troduced in the house by the opposi-  
tion expressing a lack of confidence in  
the government, but it was defeated.  
Hoots and jeers punctuated speeches,  
but they were smothered by a vocifer-  
ous Premier Okuma.

### MORE BOOKS RETURNED

Two more assessors today returned  
their books to Supervisor of Assess-  
ments John E. Moyer. The books to  
come in today were J. W. Baldwin  
of Bradford township and Julius Del  
hotel of Viola township.

# Steel Corporation Won Suit Brought By The Government

## U.S. Court Of Appeals Found For Corporation In Decision Today

Trenton, N. J., June 3.—The United  
States Steel corporation won its suit  
brought by the government in the U.  
S. court of appeals.

The suit was filed at Trenton Oct.  
26, 1911, during the Taft adminis-  
tration and was started by George W.  
Wickersham, at that time attorney  
general. Prior to the filing of the ac-  
tion the corporation had been investi-  
gated several times. The federal bu-  
reau of corporations under different  
administrations delved into the opera-  
tions of the concern and a congress-  
sional committee headed by Repre-  
sentative A. O. Stanley of Kentucky,  
investigated the alleged trust. In pre-  
paring the case for action the depart-  
ment of justice had the benefit of all  
these investigations.

The testimony, exhibits, briefs and  
written and oral arguments were vol-  
uminous. The examiner in the case sat  
166 days in nine different cities and  
heard 490 witnesses. The testimony  
made 56 volumes containing 15,900  
printed pages. There were more than  
1750 pages of printed arguments be-  
side the voluminous answers filed by  
the many different defendants, and  
the oral arguments filled more than  
1800 typewritten pages.

In brief the general charge against  
the defendants was that some of the  
companies in themselves were combin-  
ed in restraint of trade and that the  
creation of the steel corporation,  
which took in the steel and certain  
other companies named in the suit,  
was an "attempt to monopolize" and  
a "monopolization" in violation of the  
Sherman anti-trust law.

## HOME RULE BILL HAS STORMY TIME

### EFFORT MADE TO KILL IT—AM- ENDED TO APPLY TO CHI- CAGO ALONE.

(Associated Press)  
Springfield, Ill., June 3.—The sen-  
ate today passed the bill appropriat-  
ing \$5,000,000 for the maintenance  
of the University of Illinois for the  
next two years, by a vote of 39 to 9,  
and the bill now goes to the house.  
The senate also passed the Dubgeon  
bill appropriating \$100,000 for the  
aid of county fairs, and the measure  
goes to the governor.

### Utilities Bill

The public utilities "home rule"  
bill today survived a stormy session  
in the house and was advanced to  
third reading after being amended to  
apply to Chicago only, and after an  
unsuccessful effort had been made to  
kill it by striking out the enacting  
clause.

As amended the bill leaves the  
powers of the State Utilities commis-  
sion intact, except that it gives the  
Chicago city council power to regu-  
late the public utilities of that city  
with the exception of railroads, tele-  
graph and intra-state traction lines.

## CHILDRENS' DAY AT ST. PAUL'S SUNDAY

### SUNDAY SCHOOL WILL HAVE THE MORNING SERVICES IN CHARGE.

Children's Day will be observed at  
St. Paul's Lutheran church with ap-  
propriate services next Sunday morn-  
ing at 11 o'clock. The little people  
will give recitations, and the primary  
and intermediate departments have  
prepared to give several pretty songs.  
The Junior choir of twenty-five voices  
will lead in the general singing. A  
short address will be given by the  
pastor on "Children's Homes of the  
Church," and an offering will be tak-  
en for the Nachusa Home near our  
city, where forty children are comfort-  
ably and properly cared for. The ser-  
vice will be of interest to all, and the  
children will be much in evidence,  
emphasizing the occasion.

homa, called by the illness of his son

## Hostile Indians From Utah Reservation Threaten Settlers

Denver, Colo., June 3.—Colorado  
has been invaded by a band of seven-  
ty defiant Ute Indians from the Uni-  
tah reservation in southern Utah,  
who have laid claim to lands in Rio  
Blanco county, claiming them by  
right of treaties with the federal gov-  
ernment. Much alarm is expressed  
by the settlers in that section that  
the renegades, who are in a sullen  
mood, will commit depredations. The  
settlers fear the red skins will obtain

# PRZEMYSL TAKEN BY TEUTON ARMY; ENDS LONG SIEGE

## GALICIAN FORTRESS RECLAIMED FROM RUSS AT AN ENOR- MOUS COST.

### IS MOST REMARKABLE FEAT

Fortress Was Taken By Russians on  
March 22. After Siege of  
102 Days.

### WAR SUMMARY

(Associated Press)  
The great Galician fortress at  
Przemysl, won by the Russians ten  
weeks ago after a long struggle, has  
been recaptured Vienna officially  
announces and the first phase of the  
Austro-Germans' new Galician cam-  
paign, which was launched in a drive  
from Cracow has been concluded.

While the fall of Przemysl has  
not been conceded by Petrograd as  
far as cable advices show, the latest  
official Russian statement admitted  
that the besiegers had won some suc-  
cesses, including the capture of two  
outlying forts to the north of the city.

### REMOVED SUPPLIES

Dispatches from the Austrian front  
say the Russians had removed their  
men and supplies from Przemysl in  
anticipation of its fall and that they  
considered it not improbable that they  
would lose Lemberg as well.

### REMARKABLE FEAT.

The retaking of Przemysl is char-  
acterized by British observers as one  
of the most remarkable feats of the  
war. The Austrians entered Przemysl  
at 3:30 o'clock this morning.

It is believed in London that the  
expenditure of men and ammunition  
by the Austro-German forces during  
the last twenty days in the siege of  
the city has outdone anything in this  
war.

### LONG SIEGE.

When the Russians captured the  
fortress March 22 it had undergone a  
siege of 102 days. The Austrian gar-  
rison originally consisted of 170,000  
men, of whom 40,000 were killed and  
130,000 surrendered. The strength of  
the Russian garrison which surren-  
dered the city is not known.

### BRITISH TORPEDO SHIP.

A British submarine, said by the  
war office to be one of several oper-  
ating in the Sea of Marmora, has tor-  
pedoed a German transport.

### DAMAGE CRUISERS.

Two Italian torpedo boats entered  
the Gulf of Trieste and sank two mer-  
chantmen and damaged Austrian aux-  
iliary cruisers, says Geneva.

### CANT SETTLE TROUBLES

Roumania and Russia are appar-  
ently unable to compose their differ-  
ences concerning the adjustment  
of the Roumanian boundary lines,  
and Milan dispatches say King Em-  
manuel of Italy has offered his services  
as intermediary between these  
nations.

### DENY ITALIAN CLAIMS

The Italian report of steady pro-  
gress in the invasion of Austria is dis-  
puted by the Vienna war office,  
which says the Italian offensive has  
been unsuccessful and that no materi-  
al damage was done.

### May Russia's Most Disastrous Month.

The month of May, it is known,  
was the most disastrous for Russia  
that she has passed during the war.  
Confronted by a strongly concentra-  
ted force backed with the heaviest  
modern field guns and mortars she re-  
treated in some sections as far as  
ninety miles and in other sections  
forty-five miles because she had not  
the heavy ammunition needed to with-  
stand the drive of her enemies.

She is now endeavoring to hold  
Przemysl which she herself had weak-  
ened as a fortress and which has no  
particular natural advantages. It is  
believed by experts that she must re-  
linquish this position and retire to a  
prepared position along the Wisloka  
river, her line being carried across  
the narrowest intervening space be-  
tween that river and the Wisloka and  
then carried along the upper Wisloka.  
If she would attempt to defend Lem-  
berg, which the capture of Stryk ac-  
tually threatens she must move to  
the east of Przemysl which weakens  
the defense. It is asserted in the Rus-  
sian statements that very nearly  
200,000 Russian soldiers have been  
captured within the last thirty days  
as well as more than sixty large field  
guns and many machine guns, munitions,  
etc.

## SIoux CITY.

Sioux City is located in Iowa but has been doing duty as the metropolis of South Dakota to all a vacancy. Sioux City is now the second city in Iowa and is larger than it ever was before but is not half as large as it thought it was in 1890. At about this time the world seemed flocking to the western prairies almost unanimously and a great many Missouri valley cities began disputing with London in population estimates. Twenty-five years ago Sioux City was no big that the government census was nothing but an insult and farmers' ten miles from town sold corner lots for more than their corn crop brought. The ruins of an elevated railroad constructed at that time are still visible. It was a fine and costly structure but failed because the population could not spend all of its time riding.

Sioux City now has nearly 60,000 people. It is located in a corner of the bluffs between the Sioux and Missouri rivers with Nebraska and South Dakota in plain sight from the bluffs. The wholesale and business section are located in the flats where the streets were cleaned regularly each year by the Floyd river until it was

straightened out some years ago. The residence portion climbs over the great clay hills in all directions. Sioux City is a fine, open town with plenty of elbow room alternating between clay banks and costly buildings in the cheerful western style. The Missouri Valley custom of buying a residence lot and cutting it down 100 feet to grade prevails exclusively in this city and it is quite possible in some places for the resident to fall fifty feet out of his chicken yard, down the chimney of his house.

Down town, Sioux City is an impressive modern American town with big department stores, Twentieth Century hotel, immense wholesale houses, fine wide streets, congested with jitney busses and a Commercial club which grabs the visitor and initiates him into the old settlers' society before he has got in a boarding place. More hogs and cattle perish in the Sioux City packing houses than in any other city between Chicago and Omaha.

Sioux City also has a 20-year-old high school building which is still ahead of the times, a large and thriving college, a newspaper office which looks like a national bank, and a list of alumni which includes Judson Welver, Herbert Quick, Jay N. Darling and many other literary lights. It is proud of everything about itself but the Missouri river which is as sluggish and yellow and useless as a dog catcher's prize at this point and hasn't carried a steamboat for years.

## DEMENTTOWN DOINGS

Soft snaps are comparatively few, but the attorney for the defense, when the defendant is a good-looking woman, doesn't need to worry much.

Men who wear straw hats obtained with tobacco coupons never object to carrying bundles wrapped in newspapers.

The average woman attendant at baseball games requires 17 minutes to decide where she wishes to sit.

A resident of Portsmouth, N. H., has written a volume entitled "What to Do With a Cane in a Dairy Lunch Room."

A committee has been appointed in Wampum, Pa., to find out what is gained by a barber in combing the eyebrows of the shavee.

Every rose has its thorn. Hawaii is a wonderland, with its delightful climate, its turquoise skies, its marvelous vegetation and its hula hula dancers. But eggs are now retailing there at 40 cents a dozen.

The Russian army seems to have as many lives as the proverbial cat. It has been "whipped" repeatedly since the big war started, but never fails to come back for another try.

The editor of the best paper in Dixon and Lee county, is dead socially, according to the society editor of the steamed (almost) News.

## SUNDAY SCHOOL MEET WAS RECORD BREAKER

ANNUAL COUNTY CONVENTION AT FRANKLIN GROVE WAS BIG SUCCESS.

## RESOLUTIONS FOR IRA W. LEWIS

Officers Were Also Thanked in Resolutions Passed By the Convention.

The 49th annual convention of the Lee County Sunday School association which met in Franklin Grove, May 27-28, was a record breaker in many ways, not only in attendance, interest and accomplishment, but also in the weather. The attendance was good at every session, but was largest in the evening, when a capacity audience of over 500 enjoyed the program while the rain poured out of doors. The Sunday schools of Franklin Grove delighted all with the special music they had prepared, and Mr. Cork and Mr. Schenck, both of Chicago, outdid even themselves in their addresses, which were practical, instructive and very interesting.

In spite of the rain and consequent lack of auto travel, over half of the townships in the county were represented at the business session the following morning. Much advance work was planned at this time and at the workers' conference which followed adjournment in the afternoon.

The officers elected for the ensuing year are: President—Willis Reigle, Franklin Grove. Vice President—Harry E. Currens, Nachusa. Secretary—Miss Ethel M. Kay, Dixon. Assistant Secretary—Mrs. Theron Miller, Lee Center.

Department Officers.

Elementary—Mrs. L. H. Wood, Dixon.

Secondary—Mrs. Ira Buck, Franklin Grove.

Adult—A. W. Rosecrans, Ashton.

Home and Visitation—Mrs. Mary L. Kay, Dixon.

Temperance and Purity—Mrs. I. D. Reynolds, Dixon.

Teacher Training—Rev. O. O. Lozier, Sublette.

Missionary—W. T. Greig, Dixon.

The following resolutions of respect were adopted by the convention: Whereas, it has pleased our Heavenly Father to call from our midst Ira W. Lewis of Dixon, Ill., one of the most earnest and efficient Sunday school workers of Lee county, having been actively engaged in this work for over fifty years,

Therefore, Be It Resolved, that we, the members of the Lee County Sunday School association, convened at Franklin Grove this 28th day of May, 1915, do hereby express our deep regret at the departure of our beloved co-laborer in the Master's work and extend to the family our sincere sympathy in this time of bereavement. Be it further resolved, that a copy of these resolutions be printed in the Dixon and Franklin Grove papers, that a copy be sent to Mrs. Lewis, and that they be recorded in the minutes of our Lee county convention.

Sunset and evening star,

And one clear call for me!

And may there be no moaning of the bar

When I put out to sea.

But such a tide as moving seems asleep,

Too full for sound or foam,

When that which drew from out the boundless deep

Turns again home.

Twilight and evening bell,

And after that the dark!

And may there be no sadness of farewell

When I embark.

For tho' from out the bourne of time and place

The flood may bear me far,

I hope to see my Pilot face to face

When I have crossed the bar.

Resolutions adopted by the Lee County Sunday School Convention at Franklin Grove, May 27-28, 1915:

1. Whereas, we the Lee County Sunday School association have in passing through another year had the leadership and help of Christ, and by the faithfulness of our county officers and department superintendents have been able to surpass even our previous records; Therefore, be it resolved that we express our praise and thanks giving unto Jehovah and unto this Christ our Lord, that we express our appreciation and gratitude to our unsalaried but nevertheless always ready S. S. missionaries, Mrs. Mary L. Kay and daughter, Miss Ethel L. Kay and our county and township officers and department superintendents.

Also that for the peculiarly acceptable and generous manner of our reception and entertainment by the homes, churches and people of Franklin Grove, we say "Thank you," but confess that even this strong term does not begin to express our appreciation for this kindness.

Further, we would mention with appreciation the work of the program committee in preparing our exceedingly fitting program, and also the work of Messrs. Cork and Schenck, of Miss Nita Sunday, the local orchestra and quartette in their contribution to the success of our convention, and all others who assisted.

2. Whereas, it has been felt that there is a great falling away of our "teen age" pupils from the church and Sunday school; Therefore be it resolved, that we as the Lee County convention go on record as pledging our most hearty co-operation and support to the proposed secondary or "teen age" convention to be held in the near future.

3. Whereas, there has been a great triumph in the temperance work; Therefore be it resolved, that the general triumph of temperance and prohibition through the world rejoice our hearts, as does also the part our Bible schools under our Temperance Department Superintendent Mrs. I. D. Reynolds have had by securing 1403 signers to the temperance pledge, that we pledge her our continued support in this, and in the General Five Million Enrollment campaign, that not only our children but that all shall be protected from the liquor traffic.

4. Whereas, our world is saddened by the war; Therefore be it resolved, that we express our sympathy for all suffering from it, and pledge our loyal support to our Christian President in his trying time; that we call upon all followers of the Prince of Peace to deepen their spirituality to the end that His Sovereignty may not only be over the individual but also over the nations; that as individuals are no longer allowed to settle their difficulties by the shedding of blood nor are they allowed to carry arms nor to furish weapons to contending enemies, that these same principles shall also obtain among the nations.

## Suppose We Pared These Tires

Suppose this All-Weather tread—now double-thick—was pared to the thinness of the usual anti-skid. Would it endure like this one? Or so resist puncture?

Suppose we used—as some do—one less fabric ply. Or made the whole tire lighter. Suppose we omitted our exclusive features:

Our No-Rim-Cut feature—Our "On-Air" cure—Our rubber rivets—Our 126-piano-wire base.

All rivals do omit them. All of them are costly. Our "On-Air" cure alone costs us \$450,000 yearly to save needless blowouts. But could Goodyear Fortified Tires retain top place if we did not give those extras?

Cost Added Prices Lowered  
Instead of that, we all the time add costly better-

The millions of women who use it for dishwashing and scrubbing know this. But Gold Dust should be used for cleaning and brightening everything. It is the only washing and cleaning powder needed in any home.

The small quantity required is quickly taken up by hot or cold, hard or soft water—forming a perfect cleaning solution. The valuable antiseptic cleansing agent it contains helps to make things sanitariously clean, as well as bright and new-looking.

"A social event, of unusual interest has been the visit of Mrs. A. H. The two receptions were held in Danforth's hall and there were nearly five hundred guests on the two occasions.

"It was a happy thought of Mr. and Mrs. Danforth to give the old neighbors and friends, and some who had not previously met Mrs. Hammarstrom, this opportunity of meeting her and having the delightful program rendered by the guest of honor who has a beautifully rich mezzo-soprano voice. ## HOW AMERICA WILL PROFIT.

A student of financial and commercial affairs writes of the great increase in business this country will get from abroad when the war is over. His reasoning is very logical. He says in part:

When the war is over, our opportunity will be more apparent than now. As a people we have not yet realized the great opportunities which this awful struggle will open to America. In reality we are facing a new era. Some of the greatest nations of the world will have to endure a considerable period of economic exhaustion. When peace comes, Europe will be obliged to look outside for supplies, and nowhere will they be more accessible than here. Agricultural crops, animal as well as vegetable, will be impaired throughout Europe for one and perhaps two years. We must partly fill the void. Europe's factories will be unable to fill the demands, because many mills are employed and the supply of skilled labor will be largely reduced. We must also supply this deficiency. Europe's savings will be greatly diminished or absorbed in local reconstruction, and we will be obliged to largely meet the demands for new capital. No such opportunity for American enterprise and expansion has been offered in this generation. South America which has always depended upon Europe, is already looking for closer commercial relations with the United States in order to offset the rupture in her trade with Europe. When peace does come, it will involve not only important changes in boundaries, but also further vital changes in international trade. New tariffs will be devised; new lines of discrimination will be surely drawn between present belligerents. Much foreign trade will be lost to some of the belligerents, and perhaps entirely beyond recovery. No country stands to lose less from these deep-seated derangements than the United States, and no country is prepared to take legitimate advantage of the new situation than the United States. There is no doubt that we are facing a new era of expansion in our foreign commercial relations; an era that promises great possibilities, provided we maintain a policy of cultivating just and friendly intercourse with all nations.

## WHY GERMANY MAY WANT TO FIGHT US.

Another theory that is advanced showing why Germany might be anxious to get the United States involved in war, even though it be on the side of the Allied powers and against herself, is that the English and Russians are depending largely upon the United States for their ammunition supplies and that as soon as the U. S. and Germany were at war this country would be forced to stop all exportation of arms and ammunition and pile up a supply for her own army to use in training, if not in actual warfare. The French have a good ammunition supply, it is said, but England is badly crippled even now for want of more ammunition and if the supply from here were cut off Germany would realize an immediate advantage.

## THERE'S ABSOLUTELY NOTHING TO IT.

A dastardly outrage in the form of black murder has been committed by an esteemed contemporary, and worse, the esteemed contempt has murdered us. The slaughter is directly blamable, we are generous enough to believe, upon the inspired compositor who dropped an "n" from a highly important place and made a society item read, "died at Grand Detour last evening." Let us assure you that the report is false, or, as Mark Twain put it, "highly exaggerated." We merely "dined."

## CURING JOY RIDERS.

James Walsh, of Baltimore, Maryland, a wealthy man and president of an automobile company, has been sentenced to two years in the penitentiary for the death of a woman whom he struck while driving his automobile. Witnesses testified that Walsh was drunk when the accident happened. His carelessness cost a life, and it is proper and fitting that he should be punished for it. Beside serving his term in the penitentiary, he should never be allowed to drive an automobile again.

The three circuit judges, Farrand, Heard and Baume, have no opposition, but be sure to vote for them anyway, as a matter of courtesy to these men who have earned a unanimous re-election. Judge Cartwright for the supreme bench has opposition and it is highly important that the voters of this district turn out en masse and vote for him.

They are making twelve cylinder automobiles now and if they keep on the speed fiends will be able to maintain a velocity equal to the roll of the earth and can do a hundred miles in nothing, flat, if they travel west. Driving east one would—but why speculate?

The London Observer, an English paper, contains an advertisement of a summer resort that is "In the Middle of England." It should be popular with the "Stay at Homes."

Dixon is to have a Fourth of July celebration. It will be "some celebration." The Chamber of Commerce is behind it, and that is enough to insure a success.

Were the nations of the occident to disarm they would find themselves speedily in the power of Japan or China.

## THE UNDESIRABLE CITIZEN.

Nine men get up at break of dawn, and toil with splendid zest, to trim the whiskers from the lawn, and keep the weeds suppressed. They pull up this-les by the roots, and swat all noxious weeds, and softly say, "We'll bet our boots these things won't scatter seeds" They to their homes devote their lives; they strive to keep things neat; they know the lawn, where blue grass thrives for beauty can't be beat. The tenth man doesn't care a whoop how shabby things appear; the weeds are growing round his coop in regiments each year. The grass is smothered by the weeds, which swipe each inch of soil, and every zephyr blows the seeds, to queer the good men's toil. There is no law to make him eat his weeds, or mow them down, although his place will queer the street, and handicap the town. Why doesn't congress up and knock this Jonah on the pate? For nearly every village block has got this sort of skate.

## STORO FALLS TO ITALY IN ADVANCE ON TRENT

General Cadorna Captures Important Position.

Rome, June 3.—The forces of General Cadorna captured the important position of Storo, to the north of Lake Garda, making one more step in the move upon Trent, which is now the most important objective of the Italian campaign. By this capture the Italian troops made a juncture with the forces which have captured the Caffaro and Camonica valleys.

They are now expected to move up the Giudicaria valley toward Trent while General Cadorna attacks Rovereto, the strongly fortified city which stands in the way.

In addition to the capture of Storo the Italians took Montenero and succeeded by an artillery attack in dispersing Austrian forces which were entrenching themselves on the River Predil.

## BABY DIED WEDNESDAY P. M.

Infant Child of Mr. and Mrs. David Wash Passed Away.

The infant daughter of Mr. and Mrs. David M. Wash of West First street, passed away Wednesday afternoon. The funeral was held this morning at 9:30 o'clock from the house. Mr. Wash and wife moved to this city but a short time ago, he being employed as a salesman for the Morris Packing Co. of Chicago.

## CONCERT NET WEEK

The first of the summer concerts by the Dixon Marine band will be given next week, the evening to be announced later.

## PUPILS' MAY FESTIVAL WAS A BIG SUCCESS

(Continued from Page 1)

was the Maypole dance, and every person present urged the superintendent to "go on with the dance."

**Served With Refreshments**  
All through the evening Principal Gaylord, assisted by a willing and efficient helper, dished out ice cream cones and other dainties to the children and grown-up, who, by the way, were eager purchasers.

This article would hardly be complete if a word of praise was not given in behalf of the orchestra. Such an orchestra is a credit to any school and the part they did in the exercises did much toward making the fete a success.

In the afternoon the exercises were held in Assembly park where hundreds gathered early and remained until the last number of the program was completed. There were games, drills, and the feature of the afternoon was the series of athletic stunts.

On the whole North Dixon people and their excellent school organization did themselves proud with the exercises. Much credit belongs to the faculty for their supervision and particularly to Mrs. Phelps, for the musical successes of the evening.

Again, all hats off to North Dixon and her schools.

## PRINCESS THEATRE.

Tonight the Princess theatre will show "In the Purple Hills," an American feature with Harry Von Meter and Vivian Rich in the leading roles. An exciting western drama of lawlessness and revenge, the plot of the story being cleverly related and acted on the screen. The other reels are a Keystone comedy, "Fatty and Mabel View the World Fair at San Francisco" showing wonderful views of the fair, together with plenty of comedy.

The last reel is a Thanhouser with Marguerite Snow and Harry Benham in the leading roles, entitled "A Daughter of the Kings," a story in which a Yankee bootlicker of the nobility gets his dues.

## FAMILY THEATRE.

Manager Plein who has just returned from Chicago announces a bill of vaudeville of variety and unusual quality for the latter part of the current week, commencing tonight.

He has been especially fortunate in securing as features for the occasion one of the most unique novelties on the vaudeville stage—Countess von Dorman and her unexcelled company of musicians.

The bill also includes a classy couple under the name of Oliver and Dwyer.

A truly remarkable exhibition is given by Correlli in one of the most sensational novelty turns seen hereabouts in some time.

Pictures tonight are "The Fork in the Road," a Selig two reel drama; "Ham and the Sausage Factory," a Kalem comedy with Lloyd Hamilton and Bud Duncan.

## DIXON OPERA HOUSE

The new bill, "Is Marriage a Failure" presented by the Enterprise Stock Co. pleased two large audiences last evening at the opera house and was as ably cast and presented as the former productions. The same bill will be presented this evening and the following pictures, "Uncle John" with Violet Mesereau and Will Gorwood, and "Raindrops and Girls," a Sterling comedy.

## WINNER IN "MOVIES."

Dixon friends of Charles Winniger, who has played here often with the Winniger Stock company, have learned that he has gone into the movies. He is playing with the Universal.

## WHY WOMEN SUFFER

MANY DIXON WOMEN ARE  
LEARNING THE CAUSE

Women often suffer, not knowing the cause.  
Backache, headache, dizziness, nervousness,  
Irregular urinary passages, weakness, languor—  
Each a torture of itself.  
Together hint at weakened kidneys.

Strike at the root—get to the cause.

No other remedy more highly endorsed, than Doan's Kidney Pills.  
Recommended by thousands—  
Endorsed at home.  
Here's convincing testimony from a Dixon citizen.

Mrs. W. Geiger, 1218 W. Sixth St., Dixon, says: "I get a dull pain in my back, especially when I wash or sweep much. As soon as I feel one of these attacks coming on, I use Doan's Kidney Pills, which I procure at Leake Bros. Co.'s Drug Store and they never fail to remove the trouble."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Geiger had. Foster-Milburn Co., Props., Buffalo, N. Y.

**HAS ENOUGH OF HER PRINCE**

Daughter of C. W. Partridge Sues  
Nicholas Engalitcheff for Divorce.

New York, June 3.—A long list of  
specific instances of misconduct are  
charged against Prince Nicholas W.  
Engalitcheff, formerly Russian vice  
consul at Chicago, in a suit for abso-  
lute divorce brought by Princess En-  
galitcheff, formerly Mrs. Evelyn Par-  
tridge Clayton, who is the daughter of  
Charles W. Partridge, a wealthy mem-  
ber of the board of trade of Chicago.  
Among the instances of misconduct  
charged against the prince are sev-  
eral in which the name of a Jane  
Hathaway is mentioned.

The prince and Mrs. Clayton were  
married in 1898, after she had di-  
vorced her former husband, Samuel  
Clayton. She has two children, Paul  
Clayton, now twenty-one years of  
age, and Prince Nicholas Engalitcheff,  
son of the prince, now thirteen years  
old. The princess asks no alimony,  
she having always had to support the  
prince. She is owner of a large prop-  
erty in Chicago.

**French Lose Six Aeroplanes in Raid.**

**WAS OVERTAXED BY NURSING**

Secretary McAdoo Says Strain Was  
Too Great on Daughter.

Washington, June 3.—Secretary Mc-  
Adoo complains that the press re-  
ports concerning the reasons for the  
return of his daughter, Miss Mona  
McAdoo, from Europe, where she has  
been acting as a volunteer war nurse,  
were incorrect and has issued a state-  
ment regarding the matter, in part  
saying:

"My daughter gives up her work  
and returns to America with great  
reluctance and only because I feel  
that she is not equal to the con-  
tinued mental and physical strain which  
attending entails. Both she and I are  
most grateful to the French people  
and the managers of the American  
ambulance hospital for the courtesy  
and hospitality extended so gener-  
ously and unstintingly to her and Miss  
Britton during their stay in France."

**Gale Raging Off Virginia Coast.**

Norfolk, Va., June 3.—With a six-  
ty mile gale sweeping the coast ac-  
companied by fog and heavy rains

weather before venturing to sea.  
Among them are several British ships  
loaded with grain and horses for the  
allies armies.
